

# Kindergarten Supply List

## 2022-2023 School Year

Thank you for your support in gathering the supplies your child will need in Kindergarten!  
These materials will be used by the whole class throughout the school year.

Your child should bring a large backpack to school to carry homework, books, and other paperwork and projects between home and school. Please make sure to write your child's name in their backpack.

**Please be sure to check your child's backpack and folder EVERY DAY.**

We ask that students have their supplies before September 16. Please let your teacher know if this will not be possible.

The supply list for kindergarten includes:

1 large backpack (without wheels, with child's name)

1 lunchbox (**mandatory** if your child will be bringing their own lunch or snack - please write child's name on lunchbox)

1 change of clothes in a **shoe box** (with child's name)

The materials listed on the other side of this paper

These are the materials your child will need to start the year. Please keep in mind that it may be necessary to replace them during the year.

We welcome any extra material that you would like to send to the classroom. Extra materials will be distributed as needed to other students and will also be used for the class as a whole.
